

Datari

More about Datari

Datari is a rapidly growing market data provider that has quickly established itself as a leader in the industry. We pride ourselves on providing high-quality and reliable market data solutions to customers worldwide. Our team of industry experts and data enthusiasts have a deep understanding of financial markets and data management, enabling us to offer cutting-edge data services that empower businesses and developers to make informed decisions and stay ahead in today's dynamic markets.

At Datari, we utilize our proprietary re-balancing algorithms and outlier detection and monitoring system to aggregate data from multiple sources, delivering live and historical data sets that extend to forex, crypto, and equity prices.

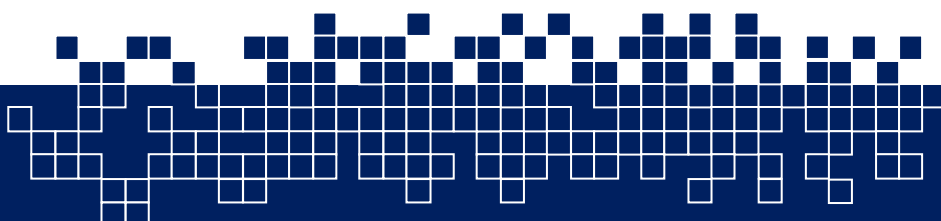

Datari uses a highly scalable and fault-tolerant technology stack to ingest and process large volumes of data from various sources, including web-scraping, APIs, and direct feeds. Our tech stack includes big data technologies such as Apache Kafka, Apache Spark, and Apache Cassandra, as well as Python and Java programming languages. We also use cutting-edge machine learning techniques for data cleaning, transformation, and anomaly detection to ensure the delivery of high-quality data to our clients. Our system architecture is designed to handle large volumes of data with low latency and high reliability to ensure our clients can access the data they need in real-time.

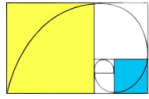

Our commitment to data integrity, security, and reliability is reflected in our robust and scalable infrastructure, ensuring high availability and low-latency data delivery, even during periods of high market activity.

As a company, we prioritize our people, and we are dedicated to providing an inclusive and supportive work environment that fosters growth and development. We are always on the lookout for talented individuals who are passionate about what they do and are committed to delivering exceptional results.

If you are looking for a challenging and rewarding career in the financial technology industry, we invite you to explore the opportunities available at Datari. As a Datari employee, you will have the opportunity to work alongside some of the most talented and experienced professionals in the field, with a focus on innovation, collaboration, and excellence.

We offer a wide range of roles for individuals with varying levels of experience, from entry-level positions to senior leadership roles. Our positions include developers, business analysts, sales and business development professionals, and more. We provide our employees with a competitive salary and benefits

Datari

package, including health insurance, retirement plans, and opportunities for growth and advancement.

In addition to our commitment to providing top-notch market data solutions, Datari is also passionate about giving back to society. We believe that corporate social responsibility is an important part of our business, and we have identified a great initiative that aligns with our brand and values.

As a market data provider, we understand the importance of accurate information and transparency. Therefore, we have decided to launch a new initiative aimed at partnering with local educational institutions to provide data science and financial modelling courses for students in underserved communities. This initiative aligns with Datari's mission to provide accurate and accessible market data, while also giving back to the community and promoting education and career opportunities in the fields of finance and data science. Additionally, this initiative helps to diversify the talent pool in these industries and promote greater social and economic mobility.

We plan to work with non-profit organizations and community groups to provide educational resources and workshops that teach financial literacy and investment basics.

Our goal is to empower individuals and communities with the knowledge and tools they need to make informed financial decisions and create a better future for themselves and their families. We believe that this initiative will not only benefit those we serve but also strengthen our brand and reputation as a socially responsible company.

We are excited about this initiative and look forward to making a positive impact in the communities we serve.

Join us at Datari, and be a part of a dynamic team that is passionate about helping customers unlock the potential of real-time market data.
